in the Rejuvenated City.

REPUBLIC SPECIAL.

Bloomington, Ill., June II.—The first of a series of merchants' trains for the purpose of awakening interest in the five days' jubilee in this city in celebration of Bloomington's rebuilding after the great fire of last June will be run over the Chicago and Alton to-morrow.

It starts at 5.20 o'clock for Springfield, thence to San Jose, on the Kansas City division, and thence back to Bloomington. It will be laden with Bloomington rooters and will carry a brass band and a drum corps and a section of orators. Stops will be made at all stations and speeches delivered. The train will be decorated gorgeously. A very low fare is charged. Similar trains will be run on later dates on the Illinois Central, the Big Four and the Lake Eric. The jubilee opens on June 19.

#### A STRAY ITEM OF NEWS.

The first time the reader turns from the crowded business center of St. Louis along South Fourth street, he will notice a sign in the shape of a book bearing this inscription: "Adolph Grueger, Bookbinder, Weibusch Frinting House." The owner of the sign and the business indorses Doan's Kidney Pills and emphatically indorses them as follows: "For two years I had a pain in the left side of my back. When at work I was constantly compelled to save myself when stooping, and if I walked briskly for a short distance the annoyance was so great that I was compelled to slacken my pace. I used medicines for the kidneys time after time during the two years mentioned, but until I went to the Wolff-Wilson Drug Co.'s for Doan's Kidney Pills I received littie, if any, permanent help. After a few doses I knew they were taking effect on the kidneys. When I had completed the treatment the pain in the back and the symptoms of kidney complaint absolutely disappeared."

Plan to Retire Them and Make New Bonds a Fixed Charge -Annual Meetings-General Notes.

board Outlets at New York and Baltimore.

WABASH DEBENTURE BONDS.

RAILROAD NEWS

REPUBLIC SPECIAL New York, June 11.-It was learned to-day that rapid progress is being made with all of the Gould projects and that an official innouncement may be expected for geveral of them within a few days. There was some discussion of these matters after the

meeting of Manhattan directors to-day. The question of Eastern outlets to tidewater is receiving most attention. It was sald on semiofficial authority that Mr. Gould

said on semiofficial authority that Mr. Gould intends to have two outlets, one at New York and the other probably at Baltimore, the latter of which will be the shortest route to the Atiantic Ocean. The choice of a New York outlet now lies between the Delaware. Lackawanna and Western and New York, Ontario and Western.

As for the coming dividend on Missouri Pacific stock, a report was current on the Stock Exchange that it would be at the rate of 5 per cent per annum. That 5 per cent will be paid, or, say, 1½ per cent quarterly, seemed clear to Wall street, from the announcement that the Missouri Pacific \$12,00.000 of 5 per cent convertible bonds issued last May to the Goulds and Rocke-\$12,600,000 of 5 per cent convertible bonds issued last May to the Goulds and Rockefellers will be converted into stock. This was considered significant, since the right to redeem by the company advances 1 per cent a year and the bonds, if held for redeemption, will yield the holder 6 per cent. These facts, it was thought, made it clear that a dividend of more than 4 per cent would be paid by the Missouri Pacific directors.

Another important Gould plan has to do with the retirement of the Wabash A and B debentures, of which there are \$1,500,000 of the former and \$25,500,000 of the latter, each issue being entitled to 6 per cent if earned. From good sources it was learned to-day that it is the plan to exchange them for a bond bearing 3 1-3 or 4 per cent, which shall be a fixed charge. They are now merely income bonds.

Mayor and Board of Health Hold Emporia, Kas., June II .- An epidemic of

> NEW LINE TO NOVA SCOTIA. anderbilts Reaching Out for Indus-trial Interests in New Fields.

rial Interests in New Fields.

REPUBLIC SPECIAL.

New York, June II.—Capitalists of this city are reaching out to control the commercial and industrial interests of Nova Scotia. The Vanderbilt millions are behind a gigantic financial scheme, which has been incorporated under the name of the Dominion Securitles Company, with a capital of \$1,50,900. This is the first step in the direction of the control of a large portion of the Nova Scotia transportation and industrial companies, and the establishment of a splendid steamship service between this city and the seaports of Nova Scotia. All the editors, however, have agreed to suppress details of suicides or attempts un-til the epidemic has abated. The epidemic which has caused in the towns and county two dozen suicides or attempts in as many months, began with the suicide of Charles Cross, president of a wrecked bank, and in the last thirty days there have been seven cases, three success-ful.

#### MR. BRYAN SNYDER.

Will Be Passenger Traffic Manager of the Frisco-Memphia System.

REPUBLIC SPECIAL.

Kansas City, Mo., June II.—Bryan Snyder, general passenger agent of the Frisco, is in Kansas City to-day in conference with General Passenger Agent J. E. Lockwood of the Memphis, It is stated on high authority that Mr. Snyder will be appointed to succeed Mr. Lockwood some day this week, and be made passenger traffic manager. St. Louis will not get the Memphis general offices as soon as expected, President Winchell announcing to-day that the offices would remain here until September I, instead of being transferred to St. Louis on July 1. REPUBLIC SPECIAL.

TRAINS AT UNION STATION.

Missouri State Commissioners Say That Backing Speed Is Too Great.

"Inquiry by the Railroad and Warehouse Commissioners regarding the manner of handling passenger trains arriving at Union Station, St. Louis, held at office, 429 Rialto building, St. Louis, Monday, June 10, 1901. The inquiry was ordered on account of complaints made to the Commissioners regarding the rate of speed at which passenger trains arriving are backed into the Union Station, it being considered that often the speed is such as might endanger the safety of passengers, if by any chance a train were to get beyond control.

"The Commissioners found, upon investigation, that the regulations for the handling of passenger trains in and out of the Union Station at St. Louis were sufficient, if strictly observed, but that the maximum rate of speed allowed for train backing in was often exceeded.

"A rule of the Terminal Association fixes the maximum rate of speed at ten miles per hour on entering car shed, which, in the opinion of the Commissioners, is a safe limit."

Her Father Gives Bond and Will

RIVER ROUTE OF MISSOURI PACIFIC. Progress on w Line From Jefferson Co Boonville.

guilty, retracting her plea of guilty in the lower court.

Counsel asked for a continuance and for moderate bail. Judge Pierce named \$1,090. Mr. Burt, the father, produced sureties, and, with his wife and daughter, left, accompanied by Doctor Mary J. Brewster, the Smith College physician.

Miss Burt seemed quite nervous, but did not break down. Her mother was in tears during the proceedings.

In an interview, Mr. Burt said that he would return to Bridgeton, N. J., and that he would return to Bridgeton, N. J., and that he would place his daughter in a sanitarium in Pennsylvania. Ty the first of the year the Missouri Pacinic will be operating what is now termed The River Route' between St. Louis and Kansas City. This will be the result of the completion of the new line between Jefferson City and Boonville. When this line is completed it will give the Missouri Pacific a river grade from Labadie, in Franklin County, to Kansas City. The former is the point at which the line first touches the river, and it leaves it near Jefferson City. What effect the completion of this line will have on Missouri Pacific traffic west of Jefferson City has been the subject of considerable speculation. It is conceded that through freight between St. Louis and Kansas City will unquestionably follow the Missouri River, but how much of the passenger traffic will be diverted over the new route is another question. Merchants Will Stimulate Interest

LOCAL FREIGHT AGENTS. Denvir, Colo., June 11.—The annual con-tention of the National Association of Lo-al Freight Agents opened this morning at the Broadway Theater in this city and will continue in session until Thursday evening. About 500 delegates are in attendance. Wel-oming addresses were made. Executive essions began this afternoon.

CAR SERVICE ASSOCIATION.

omaha, Neb., June II.—The annual meeting of the Western Car Service Association was held to-day at the office of General Manager Dickinson of the Union Pacific. A. C. Jones was re-elected manager and the old Executive Committee, consisting of G. W. Holdredge of the Burlinston, G. F. Bidwell of the Ekhorn, and Edward Dickinson of the Union Pacific retained.

Inspected the Alton Bridge.
REPUBLIC SPECIAL.
Alton, Ill., June II.—Professor R. H. Woodruf and twenty members of the class in engineering at Washington University came to Alton to-day and inspected the Alton bridge. The party was entertained by Superintendent William Graham.

Personal and Current Notes.

—C. L. Hilleary, assistant general passenger agent of the Big Four, is in the Joplin district.

MANY STREET CAR ACCIDENTS.

Seven Collisions, but No Fatalities Reported.

The police reported several street car accidents yesterday.

Car No. 512 of the Northern Central division ran into a one-horse wagon driven by Frank Jefferson of No. 302 Clay avenue at Twenty-first and Biddle streets. The horse was injured silghtly and the wagon demolished, but Jefferson escaped without injury.

at Twenty-first and Biddle streets. The horse was injured slightly and the wagon demolished, but Jefferson escaped without injury.

While William Mulcahy, a glazler, living at No. 1404A Elliot avenue, was boarding at No. 1404A Elliot avenue, was boarding a Spring avenue car at Seventeenth and Biddle streets it gave a sudden lurch forward and he was thrown to the street; sustaining a zevere bruise of the right knee. He was attended at the City Dispensary and walked home.

A dump cart driven by Alexander Walker A dump cart driven by Alexander Walker was wrecked by z Broadway car at the intersection of Park avenue.

John Williams, an expressman, living at No. 27 South Twentieth street, left his wagon in charge of his son, Arthur, in the Grand avenue car tracks at the intersection of Shaw avenue while he went in a nearby house to make some inquiries. A car of the Meramec street line ran into the rear of the wagon, demolishing it and pitching Arthur into the street, bruising him slightly about the body.

An Easton avenue car collided with a one-horse buggy at the Twenty-second and John Haull of No. 813 O'Fallon street into the street. They escaped injury, but the buggy was almost wrecked.

Frank L. E. Griebel of No. 420 Easton avenue was pitched from his buggy in collision with a Chanaing avenue car in front of No. 1511 North Taylor avenue. He escaped injury.

A Park avenue car ran into a sprinkling cart driven by William Schippus of No. 232 Old Manchester road at Shenandonh avenue and Lawrence street, No one was injured.

#### MODERN WOODMEN CONVENE.

Ritual Revision Referred to Committee of Ten Delegates.

St. Paul, Minn., June 11.—The twelfth biehniai head camp of the Modern Woodmen of America assembled at the auditorium at 10 o'clock this morning, the full complement of 629 delegates being present.

The delegates carly evinced a disposition to fully discuss all questions of importance, and the morning session was enlivened by a contest over the question of appointing a committee to pass upon the revision of the ritual as submitted by Head Consul Northcott. Mr. Northcott had recommended that this matter be passed upon by a committee of ten to be selected from members of the order not delegates.

A resolution embodying this recommendation was introduced by Delegate Swandon of Missouri, but after a heated debate it was laid upon the table. Later Delegate Howard of Indiana presented a resolution for a committee of ten delegates to act upon the revision. An attempt to amend this by adding two/outside members was lost, and the Howard resolution carried.

At the afternoon session the reports of officers and of various committees were presented. The convention decided that the election of officers will take place Wednezday afternoon.

The report of the Laws Committee was taken up and discussion began. This report is to be considered section by section and will consume a large part of the week.

The question of admitting Chicago and five other large cities that are now excluded from membership in the order was pracipitated by an amendment to the Laws Committee report, presented by Delegate Aleshire, but a decision was not arrived at.

CRIME OF MEXICAN ROBBERS.

Murder Three Men, One an English

Manager of a Mine.

Mexico City, June II.—Robert Remmet, 51 years old, an Englishman and manager of the Corones Distas Mine Company, was shot by robbers at his mine Monday night. There was a desperate encounter with the watchman, and a servant, and both were hacked to death with machetes. The robbers then encountered Remmet and shot him through the heart. Then entering the house they ill-treated his wife and obliged her to disclose where her jewelry and money were kept.

Remmet came here from London twelve years ago as manager of the Mexican company of London. His tragic death arouses much sympathy.

Jos. Berran, New York,

# Better suits for summer

wear than Serge Suits were never invented. They are cool, keep their shape well, wear admirably, and always give a well-dressed look to the wearer. All this applies only, of course, to the good Serge Suit. That is the only kind you can get from us, be sure of that.

The Favorite!

SELL IT.
